You are invited and welcome to attend this meeting if available. Mike has a meeting at 10 am with Senator Hegar, but not on the Central Texas Airport issue. Mike's phone has been ringing and he is trying to get up to speed for Bastrop to establish a position on CTA. I reminded him about the meeting the Governor's office arranged and that I called him four times to get his attendance at that meeting. He said he was out with a severe case of flu and his staff did not let him know. It was Senator Hegar's staff that provide the Bastrop Advertiser with the photo that caused the article. I am fine with this project finally being able to conduct business – any problems with Villa Muse land assemblage is not caused by anything we did wrong. I can't help the timing of the legislative session and the critical needs for CTA - Villa Muse was supposed to initially fund in December – the world financial meltdown has understandably has caused delay.
