SUBJECT: Project Number SWF-2010-00506, Central Texas Airport (CTA)

Mr. James Carpenter
Central Texas Airport
12400 West Highway 71, Suite 350-115
Austin, Texas 78738

Dear Mr. Carpenter:

You are hereby authorized under Section 404 of the Clean Water Act to discharge dredged and fill material into waters of the United States associated with the Central Texas Airport (CTA) located in Bastrop County, Texas, in accordance with Permit Number SWF-2010-00506. A copy of the permit is enclosed.

To use this permit, the person responsible for the project must ensure that the work is conducted in accordance with the terms and conditions of the permit. We caution you to submit revised drawings to us for approval prior to construction should any changes be found necessary in either the location or plans for the work. Approval of revised plans may be granted if they are found not contrary to the public interest.

This permit should not be considered as an approval of the design features of any structure authorized or an implication that such construction is considered adequate for the purpose intended. It does not authorize any damage to private property, invasion of private rights, or any infringement of federal, state, or local laws or regulations.

We appreciate your interest in our nation's water resources, and your cooperation in complying with our regulatory program. If you have questions in the future, please contact Mr. Frederick Land at the address above or telephone (817) 886-1729.

Sincerely,

Stephen L Brooks
Chief, Regulatory Branch
